DETAILED ACTION

REASONS FOR ALLOWANCE

1. Claims 16-28 are allowed over the prior art of record.
2. The following is an examiner's statement of reasons for allowance:

The applicant's Remarks, filed on 12/08/2004, have been carefully reviewed with update search. Consequently, reasons for allowance of claims 16-28 are set forth in according to the applicant's remarks stated on pages 7-12.

Regarding claim 16, the prior art made of record fails to clearly teach or fairly suggest, the logical consequent steps of a method for a system combining a pager type, personal digital assistant, and a mobile phone module, in combination with other limitations, as specified in the independent claim 16.

Regarding claim 17, the prior art made of record fails to clearly teach or fairly suggest, the feature of a GSM/DCS integrating circuit connected to the pager, the personal data assistant unit, the central processing unit, the GSM/DCS mobile phone unit, and the communication interface, wherein data and speech are transferred through three channels as argued by Applicant as recited on four paragraph of page 10, in combination with other limitations, as specified in the independent claim 17, and further limitations of their respective dependent claims 18-28.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
